

Straeffer Pump & Supply, Inc.

Since 1967

Valued Customers, Suppliers, and Partners –

We are happy and excited to announce that we have recently completed a stock sale of Straeffer Pump & Supply, Inc. to KM Specialty Pumps, Inc. This merger will allow Straeffer Pump & Supply a means for continued growth and development while serving the Municipal Water & Waste Water Industries. From the outside looking in it may appear to be business as usual, but if you look a little closer you will see that we now have a 30,000 Sq. Ft. Repair Facility that can handle your largest pumps, Full Machine Shop, Pump Repair (In-House and On-Site) on all types of pumps and brands, 19 Service Technicians including electricians and a complete fleet of fully stocked and equipped Service Trucks that allow us to handle your toughest on-site service and maintenance applications. All our technicians are certified and capable of performing Confined Space Entry, Lift Station or Water Booster Station Rehabs. Additional services include Shaft Laser Alignment, Vibration Analysis, Free Estimates, Free Pick-up and Delivery, Free Failure Analysis on every repair, All repairs performance tested, Preventative Maintenance Contracts, Belzona ® products for In-House applications include hardening and rebuilding your impellers, volutes, seal plates etc., 24 Hour On-Site & In-House Emergency Service.

Additionally we have a Complete Fleet of Thompson diesel and electric driven pumps, submersible pumps, HDPE Pipe & McElroy Fusion Equipment, Bauer Fittings & Pipe, Kroy Irrigation Aluminum & Steel Pipe & Fittings, Dewatering Services (Well Point, Deep Well & Sock), Suction & Discharge Hose, Sewer Jet Hose, Sewer Plugs, Hydraulic Hose & Repair, Bypass Pumping Services, Full Staff on Call 24/7 for all pumping needs.

Stop by and see us or drop us a note, we would love to hear from you so we can tell you more. Straeffer Pump & Supply, Inc has been serving the Municipal Water & Waste Water Industry since 1967. The future is looking very bright! We are really looking forward to improving our already industry leading Products and Customer Service capabilities.

Thank you all for your many years of patronage,
